FREN 101: LAB 2013-14 winter session term 1

SEMAINE 3 (du 23 au 27 septembre): GROUPES "B"

WHAT TO DO:

1. Find a computer, sit down, open a browser, and go to http://hlc.quia.com/books

2. Don't log in as yourself, like you do for online exercises; you will receive directions on what to do next...

3. Click the option "B groups (weeks 4, 6, 8, 10, 12)"

- **The first 10 minutes = comprehension practice**

WB 1.22 A	if you finish early, then do:	WB 1.32 B
WB 1.22 B		WB 1.32 D
WB 1.22 D		WB 1.32 E

- **TEST: dictation and compréhension (starts at 15 minutes past)**

A text in French will be read out to you. Write down in French what you hear. The dictation will be read out in the traditional way: once through; then twice slowly, phrase by phrase; finally once more through for rereading and correction.

You will then have some questions to answer in English.

When you have finished, hand your test in to your lab monitor; they will convey tests to the section instructors; your instructor will mark your test and return it to you in class the next week.

- **Extra pronunciation practice exercises (last 5 minutes or so of class)**

WB 1.22 C
WB 1.22 E
WB 1.32 A

You may finish any remaining practice exercises at the end of the lab session, or continue them outside class.
