Daniel Helbert

“Playing Near the Edge: ‘Breuddwyd Rhonabwy’, ‘Fouke le Fitz Waryn’ and the Anglo-Welsh Border”

This study examines literary conceptualizations of the Anglo-Welsh border in the 13th century Anglo-Norman Romance "Fouke le Fitz Waryn" and the 13th century Middle Welsh dream vision "Breuddwyd Rhonabwy". As can be seen in recurring symbols throughout the texts, and especially in the central image of the board game, these authors complicate the contemporary and modern definitions of the borderland in which they are set.
