

Questions to Pose Colin Moore, Director of Food Services at UBC Vancouver Campus

1. Are you aware of the challenges that Muslim students face during Ramadan when it comes to accessing halal food options on campus?
2. Are there any plans currently in place to address the needs of Muslim students during Ramadan?
3. What are the logistical considerations that need to be taken into account when providing halal meal options at UBC dining facilities during non-fasting hours?
4. How would the dining services team ensure that the food options provided meet the dietary needs and preferences of Muslim students during Ramadan?
5. What are the potential benefits and drawbacks of implementing Ramadan meals accommodation for UBC students?
6. How would the dining services team ensure that halal meal options are clearly labeled and easily accessible for Muslim students during Ramadan?
7. Are there any financial or budgetary constraints that need to be considered when implementing Ramadan meals accommodation at UBC?
8. What outreach strategies would be effective in communicating information about Ramadan meals accommodation to UBC students?
9. How would the dining services team ensure that the communal iftars (breaking of the fast meals) are inclusive and welcoming to all Muslim students, regardless of their background or level of religiosity?
10. How would the dining services team ensure that the communal iftars are culturally sensitive and respectful of Islamic traditions?
11. How would the dining services team ensure that the communal iftars are accessible to all Muslim students, including those with disabilities or mobility issues?
12. What role would Muslim student organizations and other interested stakeholders play in implementing Ramadan meals accommodation at UBC?
13. How would the dining services team evaluate the success of Ramadan meals accommodation at UBC, and what metrics would be used to measure this success?
14. What are the next steps for implementing Ramadan meals accommodation at UBC, and what timeline would be necessary to achieve this goal?
