

THE VANCOUVER AQUARIUM, an Ocean Wise initiative

Who is Ocean Wise

Ocean Wise Conservation Association

Our vision is a world in which oceans are healthy and flourishing.

Our mission is to inspire the global community to become Ocean Wise by increasing its understanding, wonder and appreciation for our oceans.

Ocean Wise Education

Our mission is to inspire the global community to become Ocean Wise by increasing its understanding, wonder and appreciation for our oceans.

Since 1960 reached over 3 million youth and adults!

Curriculum Programs

Curriculum Programs deliver multi-sensory workshops to students of all ages.

- **Learning Labs and Classrooms** | interactive wet labs, dissections and play based programs
- **Vancouver Aquarium Experience** | Guided tours through the aquarium connect students to global ecosystems and establish a sense of place in their communities.
- **Coastal Ecosystems** | These are outdoor, hands-on introduction to the skills and tools that marine scientists use on a daily basis.

Mobile Programs

Mobile Programs is the traveling education stream of Ocean Wise.

- Programs feature live animals, marine artifacts, and hands-on interactive activities
- Our educators deliver expert level, multi-sensory aquatic programs, based on the Ocean Literacy Framework.
- We bring ocean education to schools, youth groups, and communities coast to coast. To date we have engaged over 625,000 students, youth and community members.

Online Programs

Online Learning is an interactive environment that furthers understanding and connection to the ocean at education.ocean.org

- **Multilingual Learning Platforms:** resources, quizzes, videos and badges
- **Social Learning:** video conferencing and online portals provide a platform for global student conversations
- **Virtual Visits:** video conferences enable student-driven experiences with aquarium habitats

Children & Youth

A placement may include

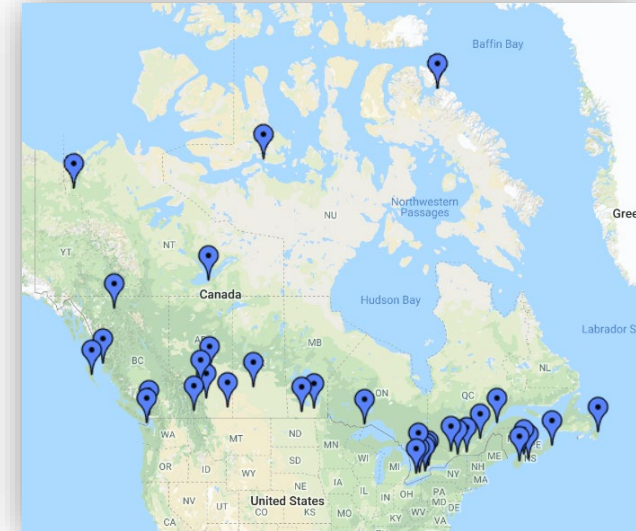

- **Camps & Clubs:** embrace nature play, science, art and hands-on experiences to foster a love of our natural world.
- **Sleepovers & Birthdays:** tour with experiences educator, multisensory exploration of BC intertidal zone
- **Youth Leadership:** immersive conservation and sustainability workshops, mentorship or next generation of ocean champions

Ocean Bridge (youth mentorship)

Ocean Bridge connects Canadian youth from coast to coast to coast empowering them to make a difference towards ocean conservation.

- Each year **40 youth** (ages 18-30) form a national team engaged in co-creating and delivering service projects for their home communities
- **Community & Capacity Building** - Through regular video conference sessions and an interactive online environment, youth connect as a national team and with the broader community of ocean conservation.
