

**Library Workshop**  
**Tuesday November 10 4:30-6:30PM**  
**Scarfe 1007 (PC computer lab)**

**Hosted by: LLED Graduate Peer Advisors**  
**Presented by: Wendy Traas, LLED library liaison**

This workshop is designed to help you navigate your way through UBC's online library catalogue by exploring various tools and resources available, with an emphasis on Education resources. This interactive session will cover topics such as using search tools beyond the online search commons, effective search techniques, how to save and email your search items, and seeking additional library help such as with interlibrary loans. Additionally, this presentation will also introduce you to Refworks for citation management

The purpose of this workshop is to introduce you to or help you become more familiar with the UBC online library system. There will be opportunities for you to explore the sites on your own, and to ask specific questions to Wendy about the topics of the workshop or your own questions you may have about searching items specific to your research.

While the workshop will be in a computer lab, you are welcome to bring your own laptop.

Space is limited. Please RSVP by Friday November 6:
