

[The Network]

The Network is the University of British Columbia's queer graduate student association. Our mission is to provide a social community and professional network for queer graduate students at UBC, both while studying and after graduation. We also aim to provide opportunities for academic and professional collaboration among graduate students interested in gender and sexuality studies.

It's easy to get involved by attending a social event or admin meeting. Join our mailing list to find out about upcoming events, or check our website or Facebook group. Newcomers are always welcome, and we're always looking for new ideas at the committee level. We are an inclusive organization and welcome people of all genders and sexualities, and our events and meetings are open to everyone.

Our regular social gatherings, called "First Fridays", are held at 6:00 pm on the first Friday of each month at a local pub. We also have regular admin meetings, and other social events such as games nights and BBQs. These are announced on the website, on our Facebook page and through the mailing list.
