

**Call for Papers**  
**Workshop on Information Systems and Economics 2015**  
**December 12-13, 2015**  
**Dallas, TX**

We are pleased to announce that the 26th Workshop on Information Systems and Economics (WISE) will be held in the Naveen Jindal School of Management on the campus of the University of Texas at Dallas on December 12-13, 2015.

The Workshop on Information Systems and Economics is the premier academic research forum for the discussion of information systems issues through the lens of economics. We expect researchers at WISE 2015 to bring forth cutting-edge research that studies how IT, in all its forms, addresses important business and societal questions. Modern IT enabled phenomena have wide ranging impacts for consumers, firms, industries, and markets, making this a fascinating time to be an economics of IS researcher. WISE research encompasses state-of-the-art methodologies ranging from, but not limited to, analytical modeling, to reduced form and structural econometric modeling approaches, and to randomized field experiments in order to improve our understanding of a rapidly changing, hyper-connected and digitized world.

**Important Dates**\*

Submission opens: Friday Aug. 14<sup>th</sup>, 2015  
Submission Deadline: Monday ~~Sep. 14<sup>th</sup>, 2015~~ Sep 28<sup>th</sup>, 2015  
Early Registration opens: Tuesday Sep. 29<sup>th</sup>, 2015  
Notice of Acceptance: Saturday Nov. 7<sup>th</sup>, 2015  
Early Registration closes: Friday Nov. 20<sup>th</sup>, 2015

\* 11:59 pm (PST) on the respective dates indicated.

**Areas of Interest**

The Workshop on Information Systems and Economics (WISE) focuses on the economic consequences of IT advances and innovations. We welcome new research related to the broad area of information systems that is supported by economic theories and methods.

**Submission**

We invite you to submit an extended abstract of your work to be considered for presentation at WISE 2015. Submission can be done through the submission portal available on the WISE web site ([www.wiseconf.org](http://www.wiseconf.org)), beginning on August 14<sup>th</sup>, 2015.

The extended abstract should be no more than 5 pages in length (double-spaced, 12 pt. font, 1 inch margins) including everything, except for references (references can be included in the 6<sup>th</sup> page). The only acceptable file format is PDF.

Coauthored works should be submitted under the name of the author that will be presenting, if accepted, and submissions are limited to one per person.

In order to minimize the repeated exposure of the same paper, we encourage authors to submit only papers which will not be presented at either ICIS 2015 or WITS 2015. We will remove any paper from the WISE 2015 program, if the paper is included for presentation at ICIS 2015 or WITS 2015.

WISE does not assume copyrights over the work accepted for presentation and does not publish formal proceedings. Accepted extended abstracts included in the program will be posted unless otherwise requested by the submitting author.

### **WISE 2015 Co-Chairs**

Indranil Bardhan (University of Texas at Dallas)  
Anitesh Barua (University of Texas at Austin)  
Hasan Cavusoglu (University of British Columbia)  
Huseyin Cavusoglu (University of Texas at Dallas)  
Barrie Nault (University of Calgary)

### **WISE 2015 Website**

Detailed information regarding the venue, the events, and logistics can be found at <http://www.wiseconf.org>.
