

Value

- Two (2) graduate scholarships of \$15,000
- Two (2) postgraduate scholarships of \$20,000

Duration

2014-2015 academic year

Graduate studies

Master, DESS, MBA, doctorate

Master, MBA, doctorate

Finance, mathematics, economy, financial engineering, or any other related discipline

Organization

Montréal Exchange

Eligibility conditions

- Be registered in a full-time graduate program at a university in Canada.
- Conduct a research project on exchange-traded derivatives, financial risk management or any topic related to the Montréal Exchange's business. Innovation of the project will be evaluated in the selection process.
- Demonstrate leadership and initiative in academic or professional activities.

Required documents

- Submit a plan of your research project
- Submit a one-page letter of motivation and a curriculum vitae
- Submit a copy of your official transcript
- Submit two referrals, including one from your Research Director.

Jury

- Léon Bitton, Vice-President, Research and Development, Montréal Exchange
- Pierre-Paul Côté, Lawyer
- Brian Gelfand, Vice-President, Regulatory Division, Montréal Exchange
- Maher Kooli, Professor, ESG-UQAM
- Sylvain Perreault, Chief Compliance Officer, Desjardins Group

The jury will only consider the academic excellence of the student and does not have to get representation from each university.

Scholar candidates are not restricted to The Canadian Derivatives Exchange Scholars Program and can apply for additional scholarships.
