

## Education Awards

### **Bob & Judy Hager Family Education Award**

The Minerva Foundation for BC Women is building a sustainable community of women leaders. The Minerva Foundation Education Awards promote the development of women leaders through education, by assisting them with the costs of tuition. Our education awards target women who will have the most impact in their work or community, and those in fields or demographic groups who are currently underrepresented in leadership roles.

This fund for BC women seeking to pursue their career in Business Administration is a result of the generosity of the **Hager Family** in partnership with **the Sauder School of Business, the University of British Columbia**. The Minerva Foundation Award will be made available to a female resident of BC with demonstrated financial need, academic proficiency and community engagement. Candidates must be enrolled in the Masters of Business Administration program at the Sauder School of Business. Candidates must have a minimum of 3.0 GPA. The fund will be awarded to a full-time student starting 2013-2014 Winter Session or a student enrolled in the part-time MBA program which began in February 2013. Challenge, audit and credit free courses will not be considered.

Candidates must meet at least one of the Foundation's criteria:

1. Assist single mothers in advancing their education.
2. Retrain mature women returning to the workforce.
3. Advance women in a non-traditional field of study.
4. Assist immigrant women, Aboriginal women or women with disabilities to overcome educational barriers.
