

Product & Service Management Career Track Requirements – Class of 2021

The Product and Service Management track delivers a deep understanding of Marketing, Operations Management and Information Management to develop the integrated skill set required to excel in product, service and brand management roles. The track shapes you into a leader who will develop, introduce and sustain products and services in a wide range of private and public sector organizations, as well as managing collaborations among supply chain and channel partners. You will develop firm-wide perspectives for problem solving and an intuition for transforming consumer and business market insights into marketplace opportunities. The PSM track also provides students the opportunity to concentrate in traditional areas of marketing or operations management.
