Freedonia Focus Reports
US Collection

Salt: United States

Sports Equipment: United States

This report forecasts US sports equipment demand and shipments in US dollars at the manufacturers' level to 2020. Total demand is segmented by product in terms of: gymnasium and exercise equipment, golf equipment, water and winter sports equipment, team sports equipment, fishing equipment, playground equipment, and other sports equipment.

To illustrate historical trends, total demand, total shipments, and the various segments are provided in annual series from 2005 to 2015. A Market Environment section provides pertinent background on historical trends, key economic indicators, trade, retail, and technology and product development. A Segmentation and Forecasts section defines products, discusses market drivers and constraints, identifies substitute products when applicable, and assesses the impact of key drivers and constraints on each product segment over the forecast period.
