

#### **COURSE INFORMATION**

Course title: Marketing

Course code: BAMA 550 Credits: 1.5

Session, term, period: 2022 W2 Class location: Via Zoom

Section(s): 821 Class times: 8:00am-12:00pm Shanghai time Course duration: March 31<sup>st</sup>, April 1<sup>st</sup>, 2<sup>nd</sup> 2023 Pre-requisites: N/A

Division: Marketing & Behavioural Science Co-requisites: N/A

Program: IMBA

#### **INSTRUCTOR INFORMATION**

Instructor: Dr. Tim Silk

Phone: 604-822-8362 Office location: Zoom

Email: <u>Tim.silk@sauder.ubc.ca</u> Office hours: 8:00am-9:00am March 25<sup>th</sup> via Zoom

#### **COURSE DESCRIPTION**

This course is designed to give you hands-on experience with concepts, analytical techniques and best practices that managers use to make marketing strategy decisions. The concepts taught in this course will enable you to develop effective marketing strategies across a wide range of product & service industries, including Business-to-Business (B2B) and Business-to-Consumer (B2C) markets. The course uses real-world case studies to give you practice applying the techniques and making decisions. In summary, the course is focused on developing your analytical and critical thinking skills and developing your ability as a manager and decision maker.

#### **COURSE FORMAT**

Classes consist of concept classes and case classes. Concept classes are discussion-based classes where you learn analytical techniques and industry best-practices that managers use to analyze markets and develop marketing strategies. Case classes are used to give you practice applying analytical techniques to make marketing strategy decisions. Your job is to assume the role of the decision maker in the case, apply the course concepts to analyze the information provided in the case, and present evidenced-based arguments in class to determine the best course of action.

#### **LEARNING OBJECTIVES**

After completing the course, students will be able to:

- 1. Understand the activities and decisions involved in developing a marketing strategy. Specifically:
  - a) Market segmentation and target market selection decisions
  - b) Product/service positioning decisions
  - c) Pricing decisions
  - d) Distribution decisions
  - e) Communication decisions
- 2. Apply analytical techniques to make effective marketing strategy decisions. Specifically:
  - a) Analyze buyer behavior data to segment markets.
  - b) Analyze data to develop value propositions and make effective positioning decisions.
  - c) Analyze profitability and price elasticity data to make effective pricing decisions.
  - d) Analyze channel information to make effective distribution decisions.
  - e) Analyze buyer behavior to make effective communication decisions.

BAMA 550 822 1 March 11, 2023

#### **ASSESSMENTS**

#### *Summary*

Component	<u>Weight</u>
Online Pre-Assessments (individual)	10%
Class Participation (Individual)	15%
Ford Ka Segmentation Exercise (teams)	25%
Marketing Analytics Exercise (individual)	25%
Marketing Plan Presentation (teams)	<u>25</u> %
Total	<u>100</u> %

## Details of Assessments

#### Online Pre-Assessments (10%):

Online pre-assessments are short quizzes that students complete on Canvas before the start of each class to ensure that everyone has read the assigned case or article for that day. This will ensure that everyone is prepared for class so that class time can be dedicated to higher-level discussion. Pre-assessments must be completed before class or will receive a grade of zero.

## Class Participation (15%):

Students are evaluated on participation in every class. Your participation grade is based entirely on the extent to which your contribution to class discussion impacts the learning of others. It is about your impact on the learning of others rather than the frequency of your participation. Asking an intriguing question or presenting your analysis is more impactful than simply answering a question. Respecting your classmates is paramount and I value quality over quantity.

Please note that it is class policy that all students must have their webcam/video on during all class sessions via Zoom. This fosters better communication, engagement, class cohesiveness and accountability. Students who do not turn on their webcam will receive a participation grade of zero for that class.

## **Grading Scale for Class Participation:**

- 0 Absent or late to class, or student video not on during Zoom sessions.
- 5 Present but does not participate.
- 6 Participates with basic information such as case facts.
- 7 Offers an opinion or asks/answers a basic question.
- 8 Engages in a meaningful discussion with other members of the class.
- 9 Shares an analysis using data or evidence from the case or reading.
- 10 Provides insight or asks a question that is instrumental in advancing understanding.

## Ford Ka Team Segmentation Exercise (25%)

Students will be randomly assigned into teams for this exercise. The exercise involves conducting a segmentation analysis using a quantitative technique called cluster analysis which will be taught in class. You will be asked a series of specific questions that require you to (1) interpret the results of the cluster analysis, (2) segment the market, (3) evaluate the attractiveness of the market segments, (4) decide which segment(s) you wish to target, and (5) explain why your strategy is the best course of action in light of the risks and benefits associated with the various targeting options. Teams must work independently and may not consult anyone outside of their team. Late submissions will not be accepted and will receive a grade of zero.

BAMA 550 822 2 March 11, 2023

## **Marketing Analytics Exercise (25%)**

This is a 60-minute exercise used by the Nielsen Company as part of its recruiting process to evaluate the analytical skills of job applicants. It tests basic math and logical reasoning skills relevant for marketing analysis (e.g., calculating margins, market share, market growth rates, break even analysis, interpretation of market data, etc.). I include it in the course to evaluate analytical ability and to prepare students for the analyses they will be expected to perform in the real world. Students also find it helpful in preparing for job market interviews and case analyses. The exercise is an individual assignment. You may not consult or communicate with your classmates or any other individuals. Any violations will result in a grade of zero.

## **Marketing Plan Team Presentations (25%)**

Your assigned team will be given a comprehensive marketing plan case and deliver a pre-recorded 20-minute marketing plan presentation via Zoom in which your team outlines its marketing strategy and the analysis behind it. The format of your presentation is up to you but it should involve all team members and clearly outline the decisions and reasoning for each element of the marketing plan: 1. Segmentation Analysis, 2. Target Market Selection, 3. Product Positioning, 4. Pricing, 5. Distribution, 6. Marketing Communications. Teams will be evaluated using the Marketing Plan Presentation Evaluation Form at the end of this course outline. Your team should review the criteria before developing your presentation.

#### **Peer Evaluation**

The peer evaluation form at the end of this course outline will be used for all team deliverables (Ford Ka Segmentation Exercise and Marketing Plan Presentations). Each student will be evaluated anonymously by their team members on the criteria shown on the form. Peer assessments will result in downward grade adjustments in cases where a student receives a score of 1 (Problematic) or 2 (Insufficient) on any criterion from more than one team member. The final question of the peer evaluation asks: all things considered, what percentage of the team's grade does the individual deserve? I will take the average peer score for each student and multiply it by the team's grade to arrive at the student's grade. For example, if a team receives a grade of 80% (an A–) and a member of the team receives an average peer score of 75% from their team members, that team member's individual grade will be 75% x 80% = 60% (a "C" rather than an "A–").

#### LEARNING MATERIALS

All articles, cases and class notes are posted on the course page in Canvas.

#### COURSE-SPECIFIC POLICIES AND RESOURCES

## Missed or late assignments, and regrading of assessments

Late submissions will not be accepted and will receive a grade of zero. Any pre-assessments missed by students who add the course during the specified add/drop period will be excluded from the students' grade (i.e., pre-assessments missed before adding the course will not count against your grade).

#### Academic Concessions

If extenuating circumstances arise, please contact the RHL Graduate School program office as early as reasonably possible, and submit an <u>Academic Concession Request & Declaration Form</u> <a href="https://webforms.sauder.ubc.ca/academic-concession-rhlee">https://webforms.sauder.ubc.ca/academic-concession-rhlee</a>. If an academic concession is granted

BAMA 550 822 3 March 11, 2023

during the course, the student will be provided options by RHL, or by the instructor in consultation with RHL, per UBC's policy on Academic Concession.

#### POLICIES APPLICABLE TO COURSES IN THE ROBERT H. LEE GRADUATE SCHOOL

#### Attendance

Excepting extenuating circumstances, students are expected to attend 100% of their scheduled class hours. Absent students limit their own academic potential, and that of their classmates, and cause unnecessary disruption to the learning environment. Students missing more than 20% of the total scheduled class hours for a course (including classes held during the add/drop period) without having received an academic concession will be withdrawn from that course. Withdrawals, depending on timing, could result in a "W" or an "F" standing on the transcript.

#### Punctuality

Students are expected to arrive for classes and activities on time and fully prepared to engage. Late arrivals may be refused entry at the discretion of the instructor or activity lead. Students arriving later than halfway through a scheduled class will be treated as absent for that class.

#### *Electronic Devices*

During online lectures, students are not permitted to use any electronic devices other than the primary one used for attending the online lecture (e.g. laptop or desktop). Only Zoom should be open during the online lecture unless an instructor advises the use of another program/website for an in-class activity. Feedback from students indicates that personal devices are the number one distraction from effective learning and participation in the online learning environment.

#### Citation Style

Please use the American Psychological Association (APA) reference style to cite your sources.

Details of the above policies and other RHL Policies are available at: <a href="http://www.calendar.ubc.ca/vancouver/index.cfm?tree=12,199,506,1625">http://www.calendar.ubc.ca/vancouver/index.cfm?tree=12,199,506,1625</a>

#### **UNIVERSITY POLICIES AND RESOURCES**

UBC provides resources to support student learning and to maintain healthy lifestyles but recognizes that sometimes crises arise and so there are additional resources to access including those for survivors of sexual violence. UBC values respect for the person and ideas of all members of the academic community. Harassment and discrimination are not tolerated nor is suppression of academic freedom. UBC provides appropriate accommodation for students with disabilities and for religious observances. UBC values academic honesty and students are expected to acknowledge the ideas generated by others and to uphold the highest academic standards in all of their actions. Details of the policies and how to access support are available on the UBC Senate website at <a href="https://senate.ubc.ca/policies-resources-support-student-success">https://senate.ubc.ca/policies-resources-support-student-success</a>.

#### Respect for Equity, Diversity, and Inclusion

The UBC Sauder School of Business strives to promote an intellectual community that is enhanced by diversity along various dimensions including status as a First Nation, Metis, Inuit, or Indigenous person, race, ethnicity, gender identity, sexual orientation, religion, political beliefs, social class, and/or disability. It is critical that students from diverse backgrounds and perspectives be valued in and well-served by their courses. Furthermore, the diversity that students bring to the classroom should be

BAMA 550 822 4 March 11, 2023

viewed as a resource, benefit, and source of strength for your learning experience. It is expected that all students and members of our community conduct themselves with empathy and respect for others.

## Academic Integrity

The academic enterprise is founded on honesty, civility, and integrity. As members of this enterprise, all students are expected to know, understand, and follow the codes of conduct regarding academic integrity. At the most basic level, this means submitting only original work done by you and acknowledging all sources of information or ideas and attributing them to others as required. This also means you should not cheat, copy, or mislead others about what is your work. Violations of academic integrity (i.e., misconduct) lead to the breakdown of the academic enterprise, and therefore serious consequences arise and harsh sanctions are imposed. For example, incidences of plagiarism or cheating may result in a mark of zero on the assignment or exam and more serious consequences may apply if the matter is referred to the President's Advisory Committee on Student Discipline. Careful records are kept in order to monitor and prevent recurrences.

#### **COPYRIGHT**

All materials of this course (course handouts, lecture slides, assessments, course readings, etc.) are the intellectual property of the instructor or licensed to be used in this course by the copyright owner. Redistribution of these materials by any means without permission of the copyright holder(s) constitutes a breach of copyright and may lead to academic discipline and could be subject to legal action. Any lecture recordings are for the sole use of the instructor and students enrolled in the class. In no case may the lecture recording or part of the recording be used by students for any other purpose, either personal or commercial. Further, audio or video recording of classes are not permitted without the prior consent of the instructor. Students may not share class Zoom links or invite others who are not registered to view sessions.

## **ACKNOWLEDGEMENT**

UBC's Point Grey Campus is located on the traditional, ancestral, and unceded territory of the xwməθkwəÿəm (Musqueam) people, who for millennia have passed on their culture, history, and traditions from one generation to the next on this site.

## **ONLINE TEACHING TOOL & REQUIREMENTS**

This course will be taught using Zoom for synchronous classes and office hours. To help replicate the classroom experience, make sessions more dynamic and hold each person accountable, both students and instructors are required to have their cameras on during Zoom sessions. Students who require an accommodation with regard to the "camera on" requirement must contact their instructors in advance of the first class to discuss options. As professional graduate students, students are expected to conduct themselves professionally by joining sessions on time, muting mics when not speaking, refraining from using any other technology when in-session, attending in business casual dress (at a minimum), and participating from a quiet environment. Content from synchronous sessions will be selectively recorded per instructor discretion and made available to students on Canvas for a maximum duration of the course length. This is done to allow students the opportunity to return to lecture content to solidify learnings.

BAMA 550 822 5 March 11, 2023

## COURSE SCHEDULE: TOPICS TO PREPARE BEFORE LIVE CLASS ON MARCH 31

Class	CLASS TOPICS	READINGS	ASSIGNMENTS / DELIVERABLES
Please complete the articles and videos for these	Customer Analysis and Market Segmentation	Segmentation and Targeting	Pre-assessment #1 on Canvas. Be prepared to discuss readings.
topics before class on Friday March 31	Buyer Behavior	Consumer Behavior and the Buying Process	Pre-assessment #2 on Canvas. Be prepared to discuss readings.
	Competitor Analysis & Value Propositions	Pre-assessment #3 on Canvas. Be prepared to discuss readings.	
		Mapping Your Competitive Position	
	Market Segmentation Case	Prepare Case #1: Ford Ka Guiding questions on Canvas	Pre-assessment #4 on Canvas. Be prepared to discuss case analysis.
	Marketing Math	Note on Low-Tech Marketing Math Marketing Math Practice Questions	Complete Marketing Math Practice Questions (solutions on Canvas).
	Pricing Strategy	Pricing Strategy	Pre-assessment #5 on Canvas. Be prepared to discuss readings.
	Distribution Strategy	Developing and Managing Channels of Distribution	Pre-assessment #6 on Canvas. Be prepared to discuss readings.
	Pricing Case	Prepare Case #2: Samsung Mobile Guiding questions on Canvas	Pre-assessment #7 on Canvas. Be prepared to discuss case analysis.
	Distribution Case	Prepare Case #3: Soren Chemical Guiding questions on Canvas	Pre-assessment #8 on Canvas. Be prepared to discuss case analysis.
	Integrated Marketing Communications	Marketing Communications Can You measure the ROI of Your Social Media?	Pre-assessment #9 on Canvas. Be prepared to discuss readings.
	Buyer Behavior Case	Prepare Case #4: <i>Metabical</i> Guiding questions on Canvas	Pre-assessment #10 on Canvas. Be prepared to discuss case analysis.
