

Professional MBA Class of 2025

The Professional MBA allows students to ensure time for personal and professional commitments while gaining the knowledge and leadership skills needed to build their career. Students are encouraged to consult with their Career Coach, and industry professionals to best determine advanced course selection.

The following courses are drawn from several business subject areas and have been selected as the standard curriculum for the PMBA. Please note that outlines (relevant to the upcoming term) are posted prior to the start of each academic term, and the most up-to-date outline will be circulated by your instructor or found on your course Canvas site.

Residencies (5 credits each)
