Re: Application for Dental Hygienist

Dear Melissa,

Please accept my application for the position of a Registered Dental Hygienist at the Wikwemikong First Nation health centre, as advertised on the Wikwemikong community website. I am currently enrolled with the University of British Columbia to obtain my Bachelor of Dental Hygiene and am seeking a career that will benefit a community that has low access to dental care.

As you can see from my enclosed résumé, I have worked as a dental hygienist for over four years, including practicing on a First Nations reserve. I am self-initiated for the province of Ontario and in the past year have received by certificate to practice Interim Stabilization Therapy. The experience I have gained as a Dental Hygienist combined with my compassion for helping others has given me the desire to provide services for those who have limited access to care.

As a dental hygienist, I am aware of the multi-tasking, fast pace, attention to detail and organization required to meet the demands of providing exceptional service to every patient. Furthermore, my experience with children, applying fluoride varnishes and providing pit and fissure sealants may be an asset to your health centre's dental program.

Overall my work and life experiences has led me to enhance my skills as dental hygienist. With my education and background, I am prepared to be a part of a great team and ready for new challenges within my scope of practice.

If you believe I would be a good fit for the dental hygienist position at your health centre, please contact me by phone at 519-555-1234 or through email at [m.rosenberg@alumni.ubc.ca](mailto:m.rosenberg@alumni.ubc.ca). I am looking forward to hearing from you!

Sincerely,

Meagan Rosenberg

Enclosure: Résumé
