Revised Survey Questions:

Cynthia Li
University of British Columbia (UBC)

Hello,

I am currently an undergraduate student currently working on a research project for a class. The purposes of this survey is to gather data to analyze and research. It is in hopes of having a better understanding of the challenges that centre's may face, especially in times such as a pandemic. In turn, the information gathered will be studied further and used for education as well as studied to propose more ways the general public can be of support. This survey will take approximately 5 minutes. Your responses are voluntary and anonymous. Thank you for your participation.

1. What are the busiest times or months of the year?
   - Summer (June-September)
   - Autumn (September-December)
   - Winter (December-March)
   - Spring (March-June)
   - Other ___

2. Are there times of the day that are more busy than others (before the pandemic)?
   - 12:00AM - 4:00AM
   - 4:00AM - 8:00AM
