Dear Sir,

I am sending you this letter as I am seeking employment as an educator with the Grand Erie District School Board. I am the best candidate for this position as I have both the education and experience to continue to be a strong and resourceful educator.

I am an enthusiastic educator who believes in collaboration among colleagues, adaptability and that all children can always be successful throughout their academic careers. I am currently completing a Masters of Education in the area of supporting inclusive education and truly believe that the theories I have learned throughout this program can be put into practice in order to best support all students within the education system. I have a multitude of experiences at the primary level, resource, as well as in the field of Applied Behavior Analysis (ABA). I am confident at planning, as well as flexible and resilient in the face of adversity.

I have enclosed my resume where you will see in more detail the multitude of experiences I have had thus far throughout my education and career. I have had the opportunities to be a part of collaborative team, develop strong communication skills, and truly have a passion for education and supporting all children.

I believe that I can be a valuable asset to the Grand Erie District School Board and look forward to setting up an interview with you.

Thank-you in advance for your consideration,

Alex Lougheed
