

**BIOSOC**  
**(UBC's Biological Sciences Undergraduate Society)**

**Clement and Enzo's Imagine day presentation:**

- BIOSOC is teaming up with Shona to create the new Biology advising website and incorporating a database of all researchers in the field of Biology
- An interactive curriculum map will highlight pre-requisites of every biology course in a web of Biology courses organized into the disciplines of Biology.
- Clicking on a particular course will open a new window which includes a syllabus as well as a brief summary of the professors teaching that course including their research.

**From the Pres - Daphne's BIOSOC presentation and announcements:**

- Our office is BIOSCI 2012, feel free to pop by whenever you have a question.
- Academic: we host meet-your-prof, research, careers night, and sell exam packs for courses
- Sports: looking for students to join our sports teams
- Socials: Our first event is at Celebrities, Sept. 17: purchase tickets at our office. We will be hosting our science-wide Nerdlove this year! Lots of fun.
- Deadline to apply to become an exec of BIOSOC is Friday, September 6 at midnight and interviews will take place next week.
