Eoin Deegan
Lab Supervisor
Viva Pharmaceuticals
Richmond, BC

Dear Mr. Deegan,

I am writing to ask for your permission in listing you as a possible reference for a job position I have recently applied for. I am currently applying to be a qPCR technician at Neurocode Labs, and your reference would help me greatly.

Under your guidance, I learned many different skills that are critical to working in a professional laboratory environment, and would appreciate your consideration for helping me with being a reference.

If you have any questions or concerns with this, feel free to contact me via email at brendan.mk.chan@gmail.com or at my cell number at 604-837-3082

Sincerely,

A handwritten signature in black ink, appearing to read 'Brendan Chan', with a stylized flourish extending from the end.

Crystal Selluski
Lab Supervisor
Lepzi Biotechnology Ltd.
Richmond, BC

Dear Ms. Selluski,

I am writing to ask for your permission in listing you as a possible reference for a job position I have recently applied for. I am currently applying to be a qPCR technician at Neurocode Labs, and your reference would help me greatly.

Working at Lepzi Biotechnology taught me a great deal about experiment design and preparation. Under your guidance, I believe I have improved my knowledge in biochemical experimental tools and techniques, and the methods upon which best to apply them. Your reference would greatly aid me in my application.

If you have any questions or concerns with this, feel free to contact me via email at brendan.mk.chan@gmail.com or at my cell number at 604-837-3082

Sincerely,

A handwritten signature in black ink, appearing to read 'Brendan Chan', with a stylized flourish extending from the end.

Jason Read
Associate Professor
University of British Columbia
Vancouver, BC

Dear Dr. Read,

I am writing to ask for your permission in listing you as a possible reference for a job position I have recently applied for. I am currently applying to be a qPCR technician at Neurocode Labs, and your reference would help me greatly.

Learning the basics of biochemistry lab techniques from you was both insightful and enjoyable. Your course and teaching greatly helped me succeed when I first applied for various professional lab positions. Your reference would prove extremely valuable for my job application at Neurocode Labs, and I would appreciate your consideration.

If you have any questions or concerns with this, feel free to contact me via email at brendan.mk.chan@gmail.com or at my cell number at 604-837-3082

Sincerely,

A handwritten signature in black ink, appearing to read 'Brendan Chan', with a stylized flourish extending from the end.
