Police Bias in Defining Crimes

Hate Crimes that Police 'See'

1) Extreme Behavior
2) Premeditation
3) Sympathetic Victim(s)
4) Multiple Offenders
5) Media Coverage/Framing
6) Significant Harm

Hate Crimes that Police 'Don't See'

1) **Routine Offenses**
2) Response/Retaliation
3) Unsympathetic Victim(s)
4) Single Offenders
5) Minimal-to-no media coverage
6) Minimal Harm

Remember - one of the second most common hate crime against Asian-Americans 2018 *were* **Simple Assaults**, which can be a category of a '**Routine Offense**' for Law Enforcement purposes.
