

## Knowledge Mobilization

for the crosslinguistic study on  
phonological development

August 9, 2013  
University of British Columbia

B. May Bernhardt, Joseph P. Stemberger<sub>1</sub>

## Plan for Small Groups

1. 5 groups colour-coded with rooms and facilitators (sheet in package)
2. In group: Choose
  - a. A time-keeper (Questions 1, 2: 25 min. each; Question 3: 10 minutes.)
  - b. Someone to take notes and present to large group
3. Coffee/tea/water on the go
4. Return here at 10:45 for large group meeting

## Clinical Application Question Set 1

1. What kind of clinical tools can/would you like to see come from the crosslinguistic study?
2. In what ways can we give people access to these tools in the next year, 2 years, 5 years?

3

## Clinical Application Question Set 2

1. What kind of training would you like to see in your region/country for clinicians, professors and students?
2. What is feasible within the next year, 2 years, 5 years?
3. What kind of resources can your region/country provide to support these initiatives?

4

## Question Set 3: Academic Dissemination

1. What themes would you like to work on across languages for dissemination?
2. Where/how/when publish? – Journals/books/web (be specific)
3. Which conferences? When?

5

## Large Group Meeting

1. Reports from each group – 10 minutes each
2. Group discussion
  - Key objectives
  - Actions – 2013, 2014, 2015
