Regulation Size and wt.																		\square		
	none		some		Well Done															

Customization												
	Not at all		Glides				Flies Well					
Flies												
			Shortest				Longest					
Distance*												

*Extrapolated based on range of distances produced, with one shortest flight and one longest flight as the bounds for the range.

Refer to attached Assessment Outline for individual category totals

As your quality and performance increase, your mark will move up the range towards the maximum mark. Some categories have no criteria that would yield bottom class marks other than non-completion.
