<b>Question:</b>	What were the strengths of the course?
<b>Response Rate:</b>	75.00% (6 of 8)

1	Creative of the sound	
2	I found that the whole course was very strong and the strongest point was the interaction that Denise brought us into. It dropped the barrier that we had walking in so that we could find who we really wanted to act like.	
3	I like the breathing part, sweet teacher	
4	The warm up was highly effective, and was incorporated into other elements of class. I also felt that the support given was highly encouraging, and made me want to do better in class. The content was very different from what I was used to, but was introduced in such a way that I was able to learn about it and appreciate it, as well as let it sink into my repertoire. The work done in class is very applicable to other aspects of my performance, and I found it to be an invaluable class.	
5	The activities, instructor and course	
6	No

<b>Question:</b>	What were the weaknesses?
<b>Response Rate:</b>	75.00% (6 of 8)

1	The course content didn't clear.	
2	The only weakness I found was the readings. Without having a recap in class about it I found it was hard to read and hard to keep in my mind.	
3	None	
	Sometimes, talking happened too much as a class, and we could have had more class time to work. However, I	

<b>4</b>	found that this did not affect my learning very much.	
<b>5</b>	The reading materials I found did not contribute much to the course	
<b>6</b>	The teacher is not respect student at all.

<b>Question:</b>	<b>What did you most enjoy about it?</b>
<b>Response Rate:</b>	<b>62.50% (5 of 8)</b>

<b>1</b>	training sound	
<b>2</b>	I generally loved the whole course and how it brought me back to myself and let me figure out what I want to do and how i want to do it.	
<b>3</b>	she cares how you do	
<b>4</b>	I enjoyed how productive the class felt, as well as how much I learned. The energy of the class was very healthy, and a good one for every type of person to take.	
<b>5</b>	The instructor and the course
