

Global Environmental Change

Proposing Solutions

Paper (25%, MUN proposal 5%)

Write your region preference...

- ◆ We will pair you based on similarity in preference
- ◆ Each pair, 1 country
 - ◆ Focus on an environmental issue
 - ◆ Min. 6 sources
 - ◆ 7-12 pages
 - ◆ Due April 18th (9pm) (5% late penalty)
 - ◆ Marked by April 25th (9pm)

Ideas to include in the paper

- ◆ Issue of focus and background
- ◆ Intervention: what makes it unique?
 - ◆ Why your approach is an EcoHealth one (vs. just another global health approach)
 - ◆ Can take an existing approach and modify it; evaluate effectiveness of previous one in comparison
 - ◆ Duration, budget, etc.
 - ◆ Roles of stakeholders, international NGOs/ organizations

In-class proposal (March 31)

- ◆ Overview of paper content/intervention
 - ◆ Why your approach is more effective/ more sustainable (in comparison to those done in past in same country/ neighboring ones)
 - ◆ 10-15 min per country
- ◆ Evaluation
 - ◆ 3% → own contribution (by pair)
 - ◆ class gives a mark from 0-3 (lack of structure/clarity vs. coherent, clear, unique)
 - ◆ 2% → contribution towards other groups (asking questions, **putting forth suggestions to include in your paper**)
 - ◆ Participate towards at least 4 other groups

International negotiations....

- ◆ Country/topic will be made available to everyone by next class
- ◆ Encourage you to contact other countries [even before March 31st (proposal date)]
 - ◆ Negotiate with countries that have similar goals/interests
 - ◆ Eg. “We have [...] included in our intervention; what can you contribute based on your country’s stance?”
 - ◆ Include negotiations (from email and suggestions from proposal date) in your papers
