

# GCCCE 2013

Global Chinese Conference on Computers in Education

## Linking Knowing and Doing - Bridging the Gap between Theory and Practice

A grand challenge for research in computers in Education is to remove its weak link to practice. GCCCE2013 addresses the gap between theory and practice by providing a forum in which researchers and practitioners can discuss innovative approaches to help the education community and use research to improve education practices and thereby serve the public good.

### Conference Date

May 27 to 31, 2012

### Conference Venue

Beijing

### Organizer

Peking University
