

Position Announcement

Posting Date: November 12, 2013

Title: Associate

Description: Basis Policy Research (Basis) seeks an Associate for our Midwest office in Grand Rapids, Michigan. The Associate will be responsible for conducting research on K-12 education policies and programs. Qualified candidates will have excellent communication skills and be capable of managing multiple projects through all phases of the applied research process. We are particularly interested in applicants with expertise in quantitative methods and interest in education policy and reform.

Requirements

- Background in quantitative methods
- Skilled writer and proofreader
- Ability to manage multiple projects
- Experience as Principal Investigator or co-Principal Investigator
- Effective communication and presentation skills
- Knowledge of K-12 education policy and reform issues

Qualifications

- Ph.D. or Doctoral Candidate in a social science field (economics, education, public policy, political science, psychology, sociology, statistics)
- Experience working with statistical programming software (SAS, STATA, SPSS, or R)

Preferred Experience: Applicants with experience in the following fields are strongly preferred:

- Experience analyzing student-level data
- Experience writing federal grant proposals
- Expertise in educational measurement

About Basis: Basis Policy Research is an independent applied research firm specializing in the field of K-12 education. Basis provides research and consulting services to government agencies, foundations, school districts, and non-profits throughout the United States. To learn more about Basis, please visit our website at www.basispolicyresearch.com

Location: Grand Rapids, MI

Compensation: Negotiable; commensurate with experience

To Apply: Please send cover letter, curriculum vitae, and three professional references to careers@basispolicyresearch.com.
