Mr. Sam Brown
Director of Instruction
School District No. 99 (Mountain)
456 Alpine Road
Deerfield, BC, V4X 5R3

Dear Mr. Brown:

I am writing to apply for the Grade 7 position at Midbrook Elementary School recently posted. I have the background and talents to provide the educational leadership described in this posting and I am excited about the possibility of becoming part of the Midbrook team.

I have recently completed the UBC Bachelor of Education program where I studied instructional methodology for all core subjects and for a specialization in teaching science and math. As well, I successfully completed courses in the principles of teaching, communication, the assessment of learning, social justice and atypical learners. I put all of this learning into practice at Tulip Elementary school with a grade 7 class so I am experienced with this school age group.

My research into Midbrook and the Mountain District has convinced me that this is an opportunity to continue my professional growth in an environment that values commitment and innovation. While I have learned that Midbrook has a number of successful programs in place, I could add my background in outdoor education and coaching volleyball to the exciting range of options available to Midbrook students.

As a new UBC graduate I will be certified to teach this Fall. I am eager to make Midbrook the starting point of my growth from a successful teacher candidate to an innovative professional who makes a difference in the lives of children. I have enclosed my resume and the report of my accomplishments during my extended practicum for your information. I am available to meet with you at your convenience and discuss how I can contribute to the success of the Mountain District.

Yours truly,

Mike Reynolds
