

# **Improving Nightlife, Event, and Party Culture Practices on UBC's Vancouver Point Grey Campus**

## **I. ANALYSIS**

## **II. INTRODUCTION**

- A. Demographics of UBC
- B. Background on nightlife groups and locations
- C. Background on nightlife issues
- D. Purpose and importance of this report
- E. Brief description of data sources
- F. Scope of this inquiry

## **III. METHODS**

- A. Procedure

## **IV. SURVEY DATA [Body of Report]**

### **A. Demographics of attendee survey**

- 1. Total sample number
- 2. Gender [expression]
- 3. Year at UBC

### **B. Demographics of host/nightlife group survey**

- 1. Total sample number
- 2. Total sample number per group
- 3. Gender [expression]
- 4. Year at UBC

### **C. Data limitations and exclusions**

- 1. Data on residence
  - a. Residence workers
  - b. Current policies

### **D. Types of events attended**

- 1. Groups on campus
- 2. Location of events
  - a. On-campus
  - b. Off-campus
- 3. Themes of events
- 4. How often events are hosted
  - a. How often events are attended

### **E. Safety**

- 1. Potential dangers within nightlife
- 2. Self-report measures on safety
- 3. Self-report measures on feeling welcome

### **F. Positive practices**

- 1. Current trainings attended yearly by nightlife groups
- 2. Current practices carried about by nightlife groups
- 3. Resources currently available to student groups

### **G. Areas for improvement**

- 1. Where groups want to improve
- 2. Where attendees feel groups can improve

#### H. Input on future training

1. Mandatory training for group membership
2. Mandatory training as event hosting requirement
3. Fees

#### V. CONCLUSION

- A. Summary and overall interpretation of findings
- B. Recommendations
- C. Reiteration of importance

#### VI. REFERENCES
