Andong Liu
Beijing, China

Dear Andong

I hope you are having a happy holiday. I am applying for a software engineer position at Datakite Inc, and I would like to get a reference from you. However, I totally understand if you cannot commit to this. Please let me know at your earliest convenience.

During my time working with you at ByteDance, I learned a lot of programming skills from you and other colleagues. I also think that my working performance shows my ability in python programming and database management. As I will soon graduate from University of British Columia. Datakite Inc is a great opportunity for me to develop my skills and continue my career.

Thank you very much for considering my request. The attachment is a copy of my resume and the introduction of the job. If you have any questions please feel free to contact me.

Sincerely
Yusen Zhou

Ayumu Ken Kikkawa
Vancouver, Canada

Dear Mr. Ken

I hope you are having a happy holiday. I am applying for a software engineer position at Datakite Inc, and I would like to get a reference from you. However, I totally understand if you cannot commit to this. Please let me know at your earliest convenience.

During my time working with you as a research assistant, I learned a lot of programming skills from you and other colleagues. I also think that my working performance shows my ability in python programming and database management. As I will soon graduate from University of British Columia. Datakite Inc is a great opportunity for me to develop my skills and continue my career.

Thank you very much for considering my request. The attachment is a copy of my resume and the introduction of the job. If you have any questions please feel free to contact me.

Sincerely
Yusen Zhou
