Florence Yip
Volunteer Coordinator
Vancouver General Hospital
Vancouver, BC, V5Z 1M9

Dear Ms. Yip,

I am contacting you today in regards to my interest in having you as a reference for my application to the UBC course LFS 303. I believe that the Wayfinder program at Vancouver General has been highly valuable towards my understanding of the complex and fast-paced environment of a hospital. I have also had the opportunity to enhance my ability to consider contextual factors that may act as barriers to my assistance with patients, while reaching out to others when a situation is beyond my capacity. As such, I wish for my application to reflect this educational experience, and my interest in working towards solutions to these systemic issues as a Dietitian in the future.

If you would be so kind as to act as my reference, I believe that you would be able to portray the manner by which my role with the Wayfinding program has impacted my goals within and beyond my Food, Nutrition, and Health degree at UBC.

I have attached the details that you require as my reference, so that you have a better idea of what exactly this role entails. When the time comes, I will also provide you with a copy of my application to help you better understand my prior experiences and interests within this program.

Please let me know at your earliest convenience if you are interested in acting as my reference for the UBC course LFS 303.

Thank you in advance for considering this role.

Best regards,
Dylan Flach
