presents

International Development Drinks!

Join us at The Irish Heather on October 8, 2009 at 5pm for a casual gathering of people and organizations interested in international development. This is an opportunity to chat, debate, socialize and connect with others who are passionate about working, volunteering and learning more about international development.

BCCIC is a coalition of international development organizations. Through relationship-building with other networks, BCCIC works to support a coalition of members - operating both locally and globally - to reduce global poverty and achieve sustainable human development.
