

How can you help **e**thicize UBC's **international** presence?

Join us for the third dialogue event in our "What?", "So What?", "Now What?" dialogue series triad this fall!

**Where: Woodward IRC 2,
When: Tuesday, November 24th,
2009 from 4:00-6:00 pm**

We know there are ethical issues with volunteering abroad, we have explored the ideas of personal ethical and social responsibility and now, with your help, we hope to identify practical, durable solutions on how to address these issues in the future.

It's time for us to put our ideas into action.

Come and tell us how you would "ethicize" UBC's international presence and your future work and learning internationally.
