Data Analyst Co-op (remote optional)

VANCOUVER /
CUSTOMER SUCCESS /
CO-OP

Spare is growing and we are looking for a **Data Analyst Co-op** to join our Partner Success team! We are open to co-ops looking for a **4-8 month term**.

This role is open to Canadian citizens or Permanent Resident holders. You must also be enrolled in a Canadian Post-Secondary Institution.

About this Role ✨

As a **Data Analyst Co-op**, you will...

- Collaborate with Partner Success Managers to understand data requirements and any analysis or reports needed;
- Build a variety of reporting templates to help improve our business processes;
- Work with large, distributed data sources to provide insights and suggestions;
- Work with a variety of tools including but not limited to Excel, Google Sheets, Kepler, Metabase, Spare platform etc.

About You ✨

- Currently completing a diploma or degree program in Economics, Statistics, Data Science and/or Business;
- A wizard with excel and/or google sheets;
- Has strong communication and presentation skills.

Don't meet every single requirement? Studies have shown that women and people of colour are less likely to apply to jobs unless they meet every single qualification in the job posting.

At Spare we are committed to creating a diverse and inclusive environment so we strongly encourage you to apply even if you don't believe you meet every single qualification outlined. We also do our best to ensure all applications received are responded to.

About Us ✨

We are Spare, a SaaS platform that enables anyone to launch a smart transportation service, bringing efficient on-demand ride-hailing and pooling services to communities

across the globe. In the past year, we have grown from 25 people to over 50 and we are continuing to grow! Want to learn more, check out [The ABC's of working at Spare](#).

What do we believe?

At Spare we have guiding principles that represent the way we interact with each other. These help us understand the type of behaviour that we expect from the people around us. These principles are a framework for distributed decision making; they allow us to determine what to do in a given situation without going through any “red tape”. These principles will help us succeed in our mission to unlock the potential of mobility for everyone.

How do we work?

Remotely or in-office, up to you!

We have a home office allowance for all full-time permanent employees. Our HQ is in Vancouver, but if you are outside Metro-Vancouver, we also have a monthly co-working stipend. Check out more of our benefits on our [Careers page](#).

How can you find out more?

Check out our [Hiring Process blog post](#) to learn about what to expect next, or [apply here!](#)
