General information for your stay in the host families

- it is advisable to pay the **CHF 450.- contribution** (3 weeks) for accommodation, food and living expenses to your hosts already on the 2nd or 3rd day of your stay in Switzerland so that this issue does not have to be dealt with at the end of your stay.
- it is not a "professional" host family nor a hotel (there is no full board)
- you might have to prepare meals yourself since members of the family work or are absent
- you are invited to participate in the host's family life and also help a little bit
- you will be able - and will probably have - to be independent to some extent
- you will be responsible for all personal expenses, (public) transport, insurance etc.

Everything should be agreed upon by you and your hosts... please let them know if there is anything you need.

They are looking forward to you!
