

# Dance Choreography 11/12

For this choreography project, you will need to justify the following information:

**INSPIRATION** - What is your inspiration for this piece. Include videos, images, personal anecdotes. What brought you to this piece?

**MESSAGE** –What is the political/social/cultural/historical context informing this choreography, and or theme, concept, idea? What is the message your piece is conveying? Why should this message be shared in this place at this time?

**COSTUMES** –What is the symbolism and significance of the costumes (as simple as they may be...)?

**FINAL REFLECTION** – Reflect on the entire process. What were three things that worked? What were three things that did not work?
