

**Pre-Calculus 12**  
**Chapter 6 – Trig Identities**  
Minimum Assignments

Things you need to know coming into this chapter:

- Basic trig functions
- Quadrants, reference angles
- Compound fractions, adding, subtracting and multiplying fractions
- Conjugate pairs
- Rationalizing a binomial denominator

***All text assignments are due within two days of the date they are assigned.***

Pages	Section	Assignment	Comments	In?
297	6.1	1, 3, 4, 5, 10	Using the basic trig identities	
306	6.2	#1, 2, 4 – 7, 8abd, 10, 11, 15, 16, 20	Using double angle identities	
314	6.3	#1 – 4, 7, 10 – 12, and ONE of 16, 17 or 18	Putting it all together	
320	6.4	#1 - 4	Using identities to help solve trig equations	
	Review	TBA
