Interview Questions

I am an undergraduate at UBC in a technical communications class. The purpose of this interview is to obtain primary data for an analysis and investigation that aims to provide recommendations to improve the science student experience with the Science Undergraduate Society (SUS) at UBC. The final report will be addressed to the Science Undergraduate Society president. Together with the AMS election data and a survey, this interview will help provide recommendations to improve student participation and build a stronger community. This interview contains 6 questions and should take less than 5 minutes of your time. Thank you for participating in this interview.

- 1) What year are you in? _____
- 2) What is your role within SUS?
- 3) Why did you choose to participate in SUS?
- 4) Is SUS currently doing anything to increase participation in voting, events or volunteering?
- 5) Do you think that participation is an issue in SUS?
- 6) If so, what do you think SUS could do to increase participation?
