

### **Worksheet/Scavenger hunt**

How many templates are there for you to start creating music when you open a new project in GarageBand?

- a. 4
- b. 20
- c. 13,692
- d. 8

In GarageBand, you have the option of using a MIDI keyboard to input notes, as well as your keyboard.

True

False

List the three colours of the different “Loop” options in GarageBand:

---

---

---

Write down which colour corresponds with the type of loop it is.

---

---

---

Please write down something you learned from this workshop and what you might be able to include in your own music technology classroom.
