

Autobiographical Poem

I AM Poem

I am compassionate and respectful
I wonder about the world
I hear nature
I see calmness and light
I want to travel
I am compassionate and respectful

I pretend to draw
I feel creative
I touch the sand
I worry about the world
I cry about struggles people go through
I am compassionate and respectful

I understand inspiration
I say awareness
I dream for equality
I try to find peace
I hope to be able to help people
I am compassionate and respectful
