

# Applied Animal Biology

## AABI – Your Path to Veterinary Medicine

*\*Courses in teal boxes are additional UBC Applied Animal Biology Major degree requirements*

### First Year – AABI

CHEM 121 + 123  
(both courses have lecture  
AND lab components)  
6 Credits Chemistry (with Lab)

FNIS 100/210/220  
3 Credits  
Indigenous Studies

1 Unrestricted Elective

LFS 100

1 Restricted Elective

BIOL 121 + 112 + 180 (LAB)  
6 Credits Biology (with Lab)

PHYS 131 + 119 (LAB)  
3 Credits Physics  
(with Lab)

WRDS 150B  
3 Credits English

### Second Year – AABI

MICB 211  
3 Credits Microbiology

BIOL 201 or BIOC 202  
3 Credits Biochemistry

LFS 252  
3 Credits Statistics

BIOL 234 or MICB 325  
3 Credits Genetics

CHEM 233 + 235  
3 Credits Organic Chemistry

LFS 250

BIOL 200

3 Restricted Electives

### Third Year – AABI

2 Unrestricted Electives

*Suggested Restricted Electives (pick 8):*

APBI 311

APBI 312

APBI 314

APBI 315

BIOL 317

BIOL 310

BIOL 325

BIOL 331

BIOL 338

BIOL 371 + 372

MICB 302

### Fourth Year – AABI

5 Unrestricted Electives

*Suggested Restricted Electives (pick 5):*

APBI 410

APBI 413

APBI 414

APBI 415

APBI 490

APBI 496

BIOL 454

# Western College of Veterinary Medicine

## (University of Saskatchewan)

### Required Courses for Admission

**6 Credits of  
Biology Courses**  
(with Lab component)

**6 Credits of  
Chemistry Courses**  
(with Lab component)

**3 Credits of  
English/Comms  
Courses**

**3 Credits of  
Organic Chemistry  
Courses**

**3 Credits of  
Microbiology  
Courses**

**3 Credits of  
Biochemistry  
Courses**

**3 Credits of  
Physics Courses**  
(with Lab component)

**3 Credits of  
Indigenous  
Studies**

**3 Credits of  
Statistics Courses**

**3 Credits of  
Genetics Courses**
