Room 4D36, Agriculture Building  
Saskatoon, SK S7N A58

Dear fellow students,

I am writing on behalf of the Plant Sciences Graduate Student Association at University of Saskatchewan (U of S). In 2020, the UofS has the privilege of hosting the Annual Plant Science Graduate Student Symposium for our neighbouring universities. We are excited to announce that this symposium will be held on Friday, March 13th and Saturday, March 14th at U of S in Saskatoon, Saskatchewan.

We would like you to join us there, as we hope that this opportunity will allow us to build community and network with fellow students, researchers, and professionals.

We hope you will be able to attend, as this is an excellent opportunity for students to improve their communicational skills, collaborate with peers, and reinforce the bonds between universities.

Registration is open from December 1st, 2019 – February 1st, 2020. Abstracts are due by February 1st, 2019.

More information on abstract submission and format will be provided soon.

If you have any additional questions, feel free to contact us directly.  
We look forward to seeing you in the City of Bridges!

Sincerely,  
Berenice Romero

President  
Plant Sciences Graduate Student Association  
Department of Plant Science
