How Have the Mandatory Campus Sexual Assault Policies Impacted Mental Health & Psychological Safety on University Campuses

Campus sexualized assault is pervasive. Legislation has been implemented in different Universities across Canada to educate, prevent, and change approach and outcomes of Campus Sexual Assault (CSA).

CSA negatively impacts universities overall. Decreased staff and student mental health & psychological safety, evidenced by increases in absenteeism, staff turnover, financial losses for universities, depression, anxiety, and poor academic outcomes for students. CSA policies are considered one of the highest-level requirements to promote positive mental health and psychological safety in universities.

Your participation provides your needed perspective related to mandated CSA policies and the impact they have on campus Mental Health & Psychological Safety!

Location

- Based on your preference, all interviews will be conducted on a secure virtual platform such as ZOOM or FACETIME, or by phone. Interviews are approximately 30 minutes in length. All participant names, location, and university you are attending will be completely confidential.

Are you eligible?

- Are you 18 years of age or older? This study is open to all genders.
- Are you fluent in English? This study is not funded for translators.
- Are you actively enrolled in an undergrad or graduate program or an active employee or administrator of a publicly funded Canadian University for at least 6 months since 2017?
- Are you aware or familiar with or aware of the University Campus Sexual Assault Policy?

If you're unsure if you meet the requirements, email a member of the study team:
