

Where ideas work

## Ministry of Forests, Lands, Natural Resource Operations and Rural Development

One permanent, full time position and one temporary, full time position are currently available in 100 Mile House, B.C. The temporary opportunity runs to July 2023 and may be extended or become a permanent placement.

### District Range Agrologist

**\$61,182.54 - \$77,067.27 annually**

The Ministry of Forests, Lands, Natural Resource Operations and Rural Development has a mandate to manage specified Crown land and resources in a manner that embraces the economic, environmental and social goals of government. These results are all essential to improving the global competitiveness of B.C. industry and our ability to attract private investment and to stimulate economic growth and job creation across the province.

The District Range Agrologist acts as the expert for the District's Range Program. Key range activities include operational planning, inventory (plant species composition, forage productivity and usability, livestock limiting factors, range use levels and stocking rates), range tenure administration (grazing and hay cutting, grazing leases), range developments and practices, effectiveness evaluations, and ecosystem restoration.

### Qualifications for this role include:

- Bachelor of Science Degree in Range Management or Natural Resource Science, which includes course content focused on Range Management, Range Plant Ecology and Range Plant Physiology.
- Minimum of 1 year of experience in range management and administration.
- Must be registered, or immediately eligible for full registration, as a Professional Agrologist with the BC Institute of Agrologists (BCIA) in good standing. **Note:** Immediately eligible for full registration is defined as being able to transfer a current membership from an applicable jurisdiction to the BCIA. Applicants who do not meet the professional requirement may be considered at a lower classification, provided they are currently registered as an Articling Agrologist with the BCIA and can reach full Professional Agrologist status within 2 years of employment.
- Experience in developing and implementing creative solutions to complex problems.
- Experience in planning, preparing and delivering oral presentations and training to diverse groups inside and outside government, including experience conducting effective meetings.

**For more information, and to apply online by December 8, 2021, please go to:**
