

# U OF T CHEMICAL ENGINEERING

## GRADUATE RESEARCH DAYS

FEBRUARY 24 – 25, 2022

**APPLY BY JANUARY 21, 2022 TO BE CONSIDERED**

From **February 24 to 25**, the **Department of Chemical Engineering & Applied Chemistry (ChemE)** at U of T will be hosting select applicants to learn more about its outstanding graduate research programs. This exclusive event will include interactive sessions with current graduate student, alumni and admissions staff. You'll also get the chance to meet 1-on-1 with professors to learn more about their labs!

Following GRD, select participants will be invited to discover in-person, through an expenses-paid trip to U of T, the value of a ChemE graduate degree and the global impact our students and researchers are making!

**To be considered for an invitation, please apply by: January 21, 2022.**
