CWEC/CFÉC IWD Seminar

Iranian Women in the Year 2023: The Struggle for Equal Rights.

Women in Iran confront an array of legal and social barriers, restricting not only their lives but also their livelihoods, and contributing to starkly unequal economic outcomes. To help, we must first learn. Join us to hear more about the discriminatory laws, policies, and practices facing Iranian women in their daily lives and how we can aid those working towards a more equitable society. #EmbraceEquity.
