

VACCINATORS NEEDED

Want to gain more experience & learn new skills? Volunteer with VOKRA!

At VOKRA we do all our vaccinations in-house. With more than 350 foster homes in the Lower Mainland this can be a lot of work! We're looking for volunteers, ideally with their own vehicles, to take on a section of the Lower Mainland. You'd be responsible for 1-2 vaccine appointments per week where you'd administer vaccines in foster homes.

We supply the vaccine and training.
A minimum six month commitment is expected.
