Tips From Evangelos:

- It is always important to arrive a little earlier than the time of your session, that way you give yourself time for touch ups and prepare for the sitting ahead of you!
- Make sure to plan ahead for traffic and weather conditions. Have your hair as you desire and makeup done beforehand!
- Ladies, a light coloured blouse with a collar is perfect for under the gown. Dresses are great for casual shots!
- Gents, clean shaves/trimmed beards are best. A dress shirt with a tie looks great under the gown — suits are awesome for casual shots!
- Got props? From pets to instruments - if it fits through our door, you're good to go!
