

PROJECT PROPOSAL

UBC MEL Clean Energy Engineering (CEEN) Capstone Project

Project Title:

Project Description:

(This does not need to be a full description of the project. Please describe your project idea in one paragraph – eg. information about the Project's Purpose, Objectives, Sector, Energy System, and a brief background of the Company and Project Mentor)

Project Mentor (First & Last Name): _____

E-mail address: _____

Information about Submission and the Student-Industry Mixer:

- Please submit this form to Vladan.prodanovic@ubc.ca on or before **June 30th, 2023**. We will appreciate if you can submit your Draft Project Proposal as early as possible, as this will allow the students more time to review your project ideas.
- You can learn more about previous MEL CEEN capstone projects by [Topic](#) or by [Year](#) on the [MEL CEEN Capstone Website](#).
- For more information about being a UBC MEL CEEN Capstone Project Partner, kindly refer to the [Project Proposal Guidelines](#).
- If you have any questions please do not hesitate to contact:
MEL CEEN Associate Professor, Dr. Vladan Prodanovic at vladan.prodanovic@ubc.ca
MEL CEEN Student Services team at mel@apsc.ubc.ca.
