

To Whom It May Concern:

I highly recommend Danielle Bourgon for a teaching position. For the past few months, she has been a private English language tutor for my two children, aged 7 and 10. Prior to this, she worked as an English teacher of the reading comprehension program at the Oakridge Community Centre in which my son had been enrolled. Then she became the private English totur for my children because my son loved her class in the community centre. During this period of time, I have had the pleasure of getting to know her and appreciate her greatly.

Danielle is very kind, caring, organized, efficient, patient, and has great rapport with my children. She is creative and uses different methods to engage my children in learning and improving their language skills. For example, she used her theatrical performance skills to encourage my children to read out various pieces by Shakespeare in order to increase their confidence in speaking in front of their class. Her techniques have proven to be effective as I see how much the children thoroughly enjoy their classes and how they have improved in their use of the English language.

In summary, I recommend Danielle for any teaching position as she will be a great asset for your school and a great teacher for the children.
