Experience a Day with KPMG in Canada

Frequently Asked Questions (FAQs)

1. How do I sign up?

It's really easy! Just vist our website which will prompt you to create a Forage account. We will ask you a few questions to find out more about you before you begin a KPMG in Canada virtual program.

2. How long will I have to complete the program?

You can take as long as you need to complete the program and it can be done at your own pace. Each program should take approximately five hours to complete.

3. Will my results be evaluated and part of the application process?

No! Your results are not evaluated nor part of the application process. The purpose of each task is to provide you with valuable and lifelong skills so you can gain an advantage on your professional journey.

4. How does completing the program tie back to the recruitment process?

The results of your work are not evaluated. However, with a completion status in the program, you will be invited to an exclusive event that will occur each semester to learn more about KPMG in Canada!

5. Will Forage send my work on to KPMG in Canada when I submit?

When you sign up for a new virtual experience program, you will always have the option to "opt-out" of sharing any of your details (including the work that you submit).

6. Will I receive feedback on the work?

As you complete each module in the virtual experience programs, you will unlock real work samples to demonstrate how a graduate at KPMG would have approached each task. This way you will be able to self-assess your own work and continue to build the skills and confidence to be successful in your transition from post-secondary education to the world of work.

7. Do I need to pay to join Forage?

No, you do not need to pay. Our KPMG in Canada virtual experiences are, and will always remain, completely free.
