NOSM Admissions and Learner Recruitment Office  
MS 2003 955 Oliver Rd.  
Lakehead University  
Thunder Bay, Ontario P7B 5E1

Dear Admissions Office,

Please consider my application to the M.D. Program at the Northern Ontario School of Medicine. I have recently completed all the academic requirements of NOSM and will be graduating from the University of British Columbia with a Bsc in General Science in May of 2016. I believe that I have the extracurricular background and intangibles to succeed at the NOSM. My reason for applying to the NOSM lies in the agreement of my intentions for pursuing a career in medicine and the core values of the Northern Ontario School of Medicine.

While completing my undergraduate degree, I have assumed many different leadership and volunteer positions. These experiences have helped foster a sense of altruism, responsibility and organization that I believe will help me achieve my career goals. Furthermore, these qualities make me a strong candidate for your M.D. Program. I have listed these experiences in detail in my enclosed resume.

I have worked diligently to maintain a high academic standing, engage in regular volunteer activities and live a virtuous life to prepare myself for a potential career as a physician.

I look forward to reading your feedback on my NOSM application. Thank you for the consideration.

Sincerely,

Nick Bell
